

THE ALL-NEW
DZIRE
AMBITION COMES STANDARD

SUZUKI

AMBITION COMES STANDARD

When ambition shapes design, you don't just get a compact sedan - you get presence. The new Suzuki Dzire carries itself with confidence, styled to look sharper, drive smarter and deliver far more than expected. It's refined, responsive and designed to move with the kind of energy that turns a daily drive into something worth showing up for.

WHERE AMBITION BEGINS

The Dzire isn't here to blend in. It's here to change what a compact sedan can feel like, with attitude in its silhouette, intent in every feature and the confidence of a car built to lead. It's made for those who don't just move through the day, they move with purpose. From the first glance to the final destination, the Dzire sets the tone. Sharp. Focused. Elevated.

BUILT FOR THE RISE

The Dzire is for those getting their first car, or their first proper upgrade. For people who are stepping into independence, into career moves, into adulthood and want their car to match that shift. It's for young professionals, new families and self-starters who understand that true style speaks for itself.

AMBITION COMES STANDARD

CONFIDENCE ON THE INSIDE

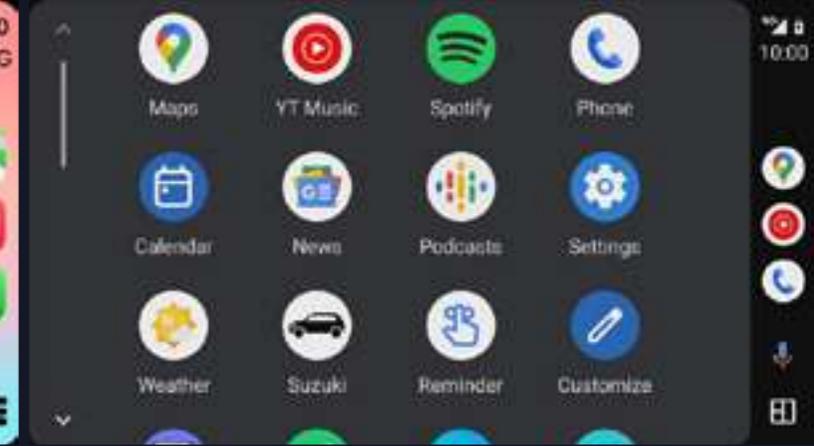

Step inside the Dzire and you'll find a space that balances sleek design with modern tech. The instrument panel features a textured finish that adds depth, while every detail is considered to elevate your drive. This isn't just a cabin, it's where ambition settles in and gets comfortable.

DISPLAY AUDIO

The 7-inch touchscreen (GL+) responds quickly and intuitively. It supports both USB and Wi-Fi, Apple CarPlay and Android Auto™. Bluetooth®** connectivity and customisable shortcuts keep your music, maps and messages right where you want them.

**Bluetooth is a registered trademark of Bluetooth SIG, Inc.

Use voice commands to get directions, send and receive messages, make calls and control your playlists – all while keeping your hands on the wheel.

Connect to Google Assistant, access your apps and manage everything from the road – hands-free and distraction-free.

METER CLUSTER

The stylish meter cluster keeps key driving stats within easy view. From fuel economy and range to trip data, everything you need is clearly laid out to keep you informed with minimal distraction.

ACCESSORY AND USB SOCKETS

Both models come with a 12V accessory socket in the front, along with a USB-A and USB-C port for rear passengers. The GL+ model adds an extra USB-A port up front for added convenience.

DIGITAL AIR CONDITIONER

One-touch cooling keeps the cabin fresh. Every grade includes a digital AC system designed for clean, consistent airflow.

REAR AC VENTS

Cooling comfort reaches all corners. Rear AC vents ensure back seat passengers enjoy the same refreshing airflow as those up front, keeping every journey balanced and comfortable.

CRUISE CONTROL (GL+)

Take the pressure off. Maintain your speed with ease on long drives and open roads. It's comfort and control in one.

REVERSE CAMERA (GL+) & REAR PARKING SENSORS

Park with precision. The built-in reverse camera gives you a clear view of what's behind you, while the rear parking sensors alert you to nearby obstacles. Together, they make tight spots and tricky exits that much easier to handle.

INTERIOR AMENITIES

Smart storage that keeps your daily essentials organised, accessible and always within arm's reach.

- Increased glovebox capacity: 6.02 litres
- Console box tray with drink holder
- Front door pockets
- Drink holder with rear seat armrest
- Additional storage with rear AC vent
- Rear door pockets

CARRY THAT ENERGY

Boot space? 378 litres. Plenty of room for everything that matters, without losing the Dzire's sleek silhouette. From luggage to shopping to gear for the weekend, it handles it all with ease.

MADE TO MOVE YOU FORWARD

The new Dzire delivers the perfect balance of performance and control, giving you a drive that feels fluid, focused and responsive.

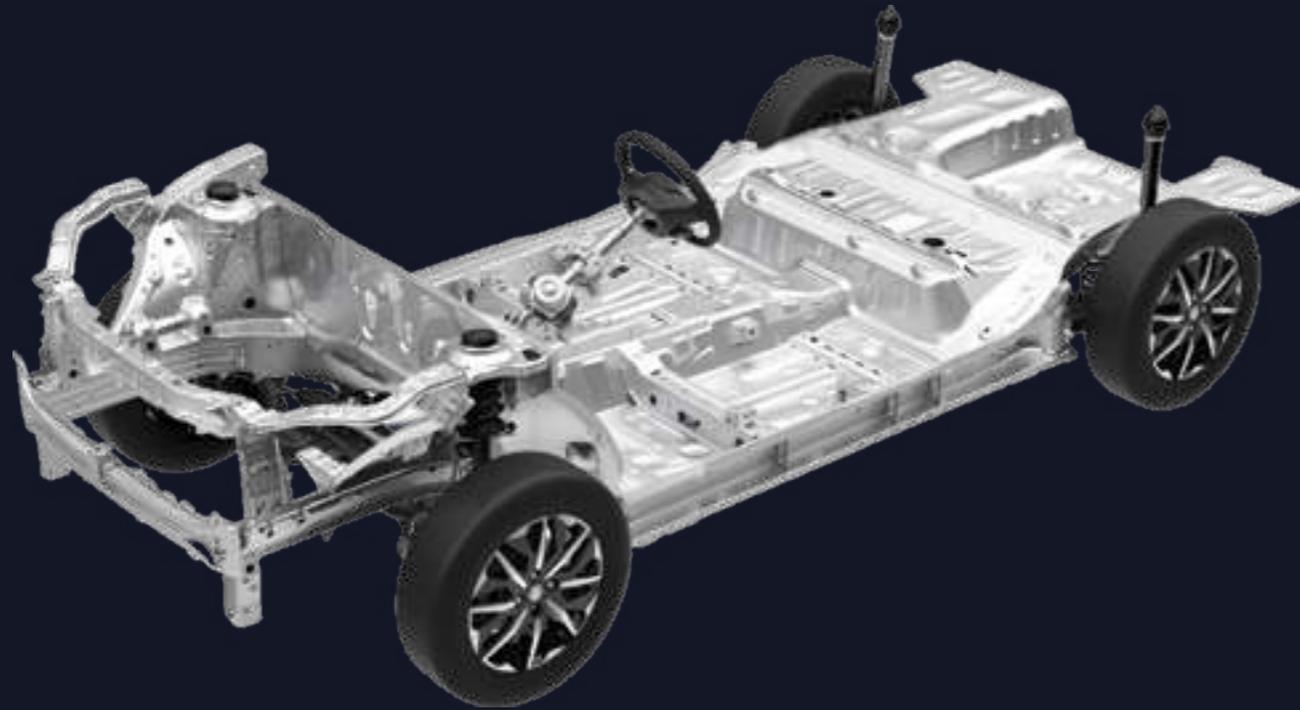

Z12E ENGINE

The new 1.2-litre three-cylinder petrol engine is built for balance - responsive in traffic and smooth on the highway. It produces 60kW at 5 700 rpm and 112Nm of torque at 4 300 rpm, giving you confident pull-off and easy overtaking without straining the tank. Fuel consumption is as low as 4.4ℓ/100km, with emissions kept low to support cleaner, more efficient driving.

HEARTECT PLATFORM

Built on Suzuki's HEARTECT frame, the Dzire feels light but drives solidly. The curved underbody increases stiffness for sharper handling and safer control, while helping to distribute impact energy in the event of a collision.

TRANSMISSION

The CVT gearbox (available on GL+) offers a smoother, more efficient drive by reducing torque loss and optimising shift response. For those who prefer the feel of a manual, the 5-speed transmission is engineered for light engagement and quick gear changes, helping you make the most of the Dzire's performance on any road.

FRONT AND REAR SUSPENSION

The suspension setup is tuned for comfort and confidence. Roadholding feels tight and composed, while still providing comfort over uneven surfaces. Whether it's a speed bump or a long curve, the Dzire stays grounded.

PROTECTED LIKE A PRO

Real confidence starts with real protection. The Dzire is loaded with safety features that work quietly in the background, so you can stay focused on the drive.

SIX AIRBAGS

Standard across the range. Front, side and curtain airbags work together to keep you and your passengers protected from every angle.

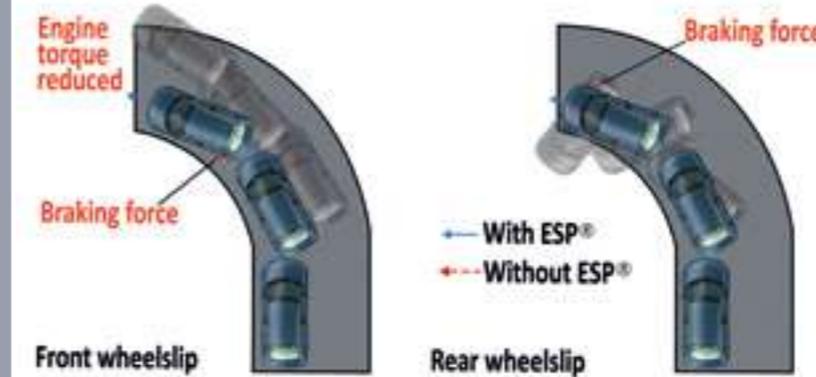

ISOFIX

Secure. Reliable. Built into the rear seats so you can transport your little ones with peace of mind.

HILL HOLD CONTROL

No rolling back, no panic pulls. This system temporarily holds the car in place on an incline, giving you a moment to switch from brake to accelerator and move forward with control and confidence.

ELECTRONIC STABILITY PROGRAMME (ESP)***

Helps you stay in control when conditions change. ESP automatically adjusts traction so you stay grounded through curves and corners.

***ESP is a registered trademark of Daimler AG.

ABS WITH EBD AND BA

The Anti-lock Braking System works with Electronic Brakeforce Distribution and Brake Assist to improve stopping power while helping keep the car stable under hard braking. Whether you're slowing down suddenly or braking on uneven surfaces, the system is designed to respond quickly and effectively.

◆ : Standard - : Not Available

Standard and optional equipment availability may vary for individual markets.

Equipment is subject to change without prior notice.

**Bluetooth is a registered trademark of Bluetooth SIG, Inc.

***ESP is a registered trademark of Daimler AG.

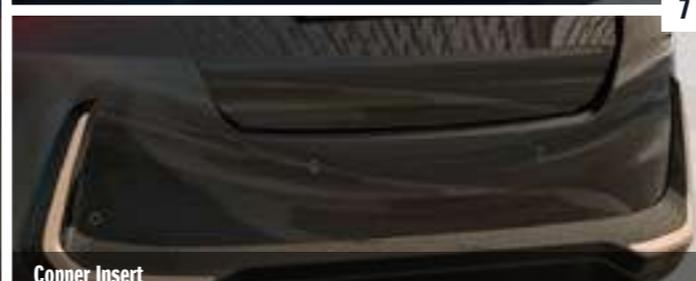

The ESP is designed to help keep the Dzire under control. However, its effectiveness depends on driving conditions and the state of the road surface.

If the tyres exceed their grip limit and the wheels start to spin or skid, it may not be fully effective.

EXTERIOR ACCESSORIES

- 1 | **Door Visor**
Four-piece set for front and rear windows
Smoked Gray Part No.990J0M55UQ0-010
- 2 | **Rear Windshield Spoiler**
Personalize your car in style with Spoilers

SUZUKI COMPLETE

Suzuki understands that purchasing a new vehicle is a substantial investment. Our unwavering commitment to customer satisfaction is represented in our 'Suzuki Complete' package, which includes every aspect of after-sales support, with warranty, service plan, and roadside assistance standard.

Warranty

All Suzuki passenger vehicle models bought new from a dealership are covered by a comprehensive promotional warranty against any defects for a period of 5-year/200 000km. This is supported by a six-year body corrosion warranty subject to terms and conditions.

Service Plan

The Dzire benefits from a 4-year/60 000km service plan. This plan includes the replacement of oil, the oil filter, fuel filter, brake fluid, air filter and accessory belts, but excludes tyres, brakes and other wear-and-tear items.

Service Intervals

15 000 km or one year, whichever comes first.

Roadside Assistance

Every new Dzire comes with a five-year roadside assistance plan. Some of the benefits offered by this comprehensive package include: battery and locksmith call-out services, mechanical and electrical, breakdown towing (accident towing is optional), emergency medical rescue, vehicle repatriation and a stand-by-you roadside security armed-response service.
